

Illustrator or Photographer needed?

Cordially welcome!

Then nearly 500 illustrators and photographers are showing their portfolio again at the PAPERWORLD in Frankfurt, Germany.

The Archive is a real treasure trove for all, who wants to start the beginning of the year with new ideas and fresh input and who are looking for an individual illustrator or photographer to realise special projects. Or who wants to get proposals only.

Peeking is for free.

Because the Filu-Archive is free of charge at all experts and exhibitors disposal.

Finding is also for free.

The artist can be contacted directly – the address lists with all needed details are displayed.

And www.filu-archiv.de offers the opportunity to view more than ten thousand of work samples on the Internet.
